1 Wikipedia Introduction

1.1 Data Set Creation

The data were created from the large, longitudinal data set of childhood mortality data. A subset of these data was taken containing observations from 2015 for neonatal mortality only.

1.2 Data Description

Table 1: Descriptive Statistics, Neonatal Mortality (2015)

Statistic	N	Mean	St. Dev.	Min	Max
<code>year</code>	195	2,015.000	0.000	2,015	2,015
<code>estimate</code>	195	13.607	11.260	0.700	48.700
<code>africa</code>	195	0.277	0.449	0	1
